

OSAF beneficiaries who attended the inaugural Innovation School in July at OSA's global headquarters in Washington, D.C., USA. The school focused on key methodologies for discovering, developing and launching innovative solutions and products. The 2018 Innovation School is scheduled for 22-26 July in Washington, D.C. USA.

Thank You, OSA Foundation Donors!

The OSA Foundation (OSAF) serves as the philanthropic arm of The Optical Society (OSA). Our mission is to inspire and support promising individuals in their pursuit of careers in optics and photonics.

Our global programs provide professional-development opportunities, awards and honors, and resources for students and early-career professionals. All donations to OSAF are matched by the Optical Society, doubling the impact of our donors. Additionally, all administrative fees are paid by OSA ensuring that donor funds are used for programs, not overhead. For more information on OSAF and our efforts visit www.osa.org/foundation.

The **Optics Circle**, our most generous supporters

Optics Circle members are a distinct group of individuals and organizations that donate US\$1,000 or more per year. These donations received by our donors provide the support needed to ensure the success and impact of our programs.

Double your impact!

The Optical Society will match your contribution to the Foundation **100 percent** with a gift to our general fund, allowing your gift to have double the impact. Please visit www.osa.org/donate to donate.

Optics Trust, the Foundation's planned giving program

The Optics Trust is a distinct group of individuals who include The OSA Foundation in their wills and estate plans. These donors will add to the legacy of the Foundation.

Awards, Honors and Program Supporters

Foundation initiatives such as the Siegman International School on Lasers, The Thomas F. Deutsch Fellowship, The Kevin P. Thompson Optical Design Innovator Award, Paul Anthony Bonenfant Scholarship, James P. Gordon Memorial Speakership, Tingye Li Innovation Prize, and the Ivan P. Kaminow Outstanding Young Professional Prize provide professional development opportunities and recognition of excellence for the optics and photonics community. For a full list of our programs, visit www.osa.org/programs. We want to thank our donors for their support of our awards, honors and programs.
